### PAGE TWO(6 panels)

Panel 1. The shot pulls back and KEYBOT's posture looks downtrodden as he continues down the street. There are fewer robots than before like its later in the day.

Panel 2. KEYBOT rounds a corner onto a new street.

Panel 3. KEYBOT sees ROBOT2. Again, the shot has KEYBOT and ROBOT2 in the frame and ROBOT2 has noticed that KEYBOT has noticed them. KEYBOT's Indicator is now at the ten after position and is partially visible. You might not be able to fully see the entire Indicator.

Panel 4. Closeup of KEYBOT.

KEYBOT:
